Forecast For Wales
Issued by Met Office Exeter
at 1600 on Thursday 13 May 2021

++ Valid for broadcast between 1800 and 0600

Headline:
A wet night for many with further showers tomorrow.

This Evening and Tonight:
A wet start across the country with heavy showers continuing through the evening and overnight. Showers gradually clearing during the early hours leaving cloudy conditions for most and scattered showers for the south. Minimum temperature 7 deg C (45 deg F).

Friday:
A largely dry and cloudy day for many areas with scattered showers over the western coasts. Showers persist during the night turning heavy and possibly thundery at times. Maximum temperature 15 deg C (59 deg F).

Outlook for Saturday to Monday:
A band of rain will cross the country early Saturday, then unsettled with sunshine and showers for the rest of this period. These showers heavy and possibly thundery at times.
